Part 1: The Beginning.

Part 2: Rebel/Imperial Route.

Part 3: The RSF - Royal Security Forces

Part 4: The RSF Computer. Finding the 1st and 2nd Droid Modules

Part 5: The RSF Computer. Finding the 3rd and 4th Droid Modules

Part 1: The beginning

Start in Mos Eisley. Speak with: Yourk ver?Zemp [3520, -4821]

Quest Received: Bad for Good: Level 1

Your now working for Bib.

Accept this. Very soon Bib will speak to you via a comm message. Close it.

[if it bugs because your curser was in the wrong mode, just delete the quest and do it again]

This sends you to speak to Niko [3505, -4794]

Speak with Niko and get quest completed.

Niko will give you a quest to kill Swoop Gangers to recover some stolen coins of Jabba?s.

Quest received: Respect: Level 10.

[Sword of the Runaway]

[Katana of the Runaway]

[Knuckler of the Runaway]

[Lance of the Runaway]

I think you have a choice of a ground or space mission, This is the space version: Launch into space from the launch area at the back of Jabba?s Palace [-6152, -6379] or travel to where you have left your ship and launch from there. Once in space you will be given the waypoint of 3 transport ships (Tier 1 Valarian Bombers), kill them QUICKLY. This has a quite short timespan? After you destroy those, you are sent after 3 more Tier 2 X-Wings this time and a large shuttle. Destroy those, and you are sent after 2 blacksun, 1x Tier3 Heavy Freighter + 1x Tier2 Devastator. Once you kill them, return to EV-9D9 for your reward including the droid head, and quest complete. You should now return to Watto in Mos Espa. Quest Completed.

Quest Received: Runaways: Level 21: This is the land version:

Rewards: 5885 Quest XP, 9000cr, One of the following:

[Sword of the Runaway]

[Katana of the Runaway]

[Knuckler of the Runaway]

[Lance of the Runaway]

You will be sent to the Darklighter Cache (the cave from earlier with a timed quest), where you need to locate three non-aggro droids and drag named datadiscs (provided by mission-giver) onto the corresponding droid. Inside the cave, you will come to a room where two pathways goes from (excluding the one you came from). Two of the droids will be through the right hall (in the back of the next, big room, behind some mites). The last droid will be through the left hall, in the very last room, in the back of the room. You need to do two steps for each droid:

1. Drag the datadisc from your inventory on to the droid (the datadisc will be labelled with the droid's name).
2. Kill the guy..

You should now return to Watto in Mos Espa. Quest Completed.

Quest Received: Putting it together: Level 22

Rewards: 6355 Quest XP, 11250cr + [Re-assembled R2 Unit]

Watto gives you all the pieces of the droid, and you have to figure out how to put it together? You have to put the Legs and chassis into head to complete it. NOTE: Drag the legs and body onto the the head. Then drag the Motivator onto the head. Then finally, the square part (that says its full of internal workings for the droid) and this will transform the droid into a complete item.

I know it shows as 3 slots for the head, and there are 4 parts to put into it, but thats how it works. If you do it correctly, you will have an ?underpowered droid? in your inventory, Then talk to Watto. he will stop the conversation, and then you'll need to drag the completed ?underpowered droid? from your inventory onto Watto. Talk to Watto again. Quest Completed.
